

MUAC COVID PRE-FLIGHT CHECK

proactive recovery service

LIVE TRIALS ONGOING

OPPORTUNITY HUNTERS

TACTICAL hunt - Flight Data staff: initial check. Tactical Capacity Manager: final-checks & CDM initiation

STRATEGIC hunt Ops & Tech Teams search for efficient flight profiles on rolling-ball process to learn and improve

THE OFFER

Improved flight profile offer sent to Aircraft Operator for further flight-planning and network analysis

KEY TO BENEFITS

AO accepts: Flight is re-planned along the more efficient profile

AO rejects: Data recorded and intel injected into strategic learning process

LONG TERM SAVINGS

Shorter routes and higher flight levels unlock time and fuel savings that lower costs and helps lower Co2 emissions, helping to protect the environment
